

Disclaimer & Informed Consent for Pool Use (Wellness)

1) Purpose & Scope

- We rent out the pools exclusively for wellness-oriented self-use.
- On request we provide neutral carbonates. Use is optional, without guidance, without dosing, and without any promise of healing.
- No medical advice, treatment, or supervision is provided.

2) Guest Responsibility

- Use is under your own responsibility and at your own risk.
- You make all decisions yourself (whether to bathe, for how long, and if/what to add); if you feel unwell, you stop.
- This offering does not replace a doctor's visit. For pre-existing conditions or questions, please consult a physician in advance.

3) Substances (Carbonates)

- Carbonates are only provided; addition, amount, and timing are determined and carried out solely by you.
- Safety notes: do not ingest; avoid contact with eyes/mucous membranes; wash hands after contact; keep out of reach of children.
- Option without additives: the use of carbonates is voluntary — you can bathe without any additives at any time.

4) Information, Experiences & Non-Reliance

Conversations or reports by the team or other guests regarding water, additives, approaches, or effects reflect personal experiences only. They are not instructions or recommendations — in particular, they do not include any amounts, targets, or duration — and do not constitute medical advice. I do not rely on them; I make decisions independently and use the pools at my own risk. For health questions I consult a physician in advance.

5) Possible Skin Reactions (neutral, non-medical)

Depending on skin type, temporary reactions may occur during or after bathing, e.g., irritation, redness, itching, feelings of tightness, small blemishes (pimples/dots), or superficially abraded/softened skin areas. This is not medical advice. If unwell, you stop and make further decisions independently; for persistent or notable reactions, please consult a physician.

I am aware that pre-existing wounds, cracked or highly irritated skin may react sensitively. I decide independently whether to bathe and resolve health questions with a physician in advance.

6) Liability & Exclusion

- To the extent permitted by law, any liability of the operator for health reactions or other consequences of use is excluded; liability for intent and gross negligence remains unaffected.
- In case of violations of the house rules, we reserve the right to exclude guests without refund.
- The operator is not liable for loss of or damage to personal belongings, insofar as permitted by law.

7) Payment, Changes & Cancellations (as per House Rules)

- Payment in advance: for all booked bathing days or on the morning of each day.
- Cancellations less than 12 hours before the start or if the pool has already been prepared: 500 THB handling fee.
- Started bathing days (entering the water) are considered fully rendered; no partial refund. Exceptions for medical emergencies at the operator's discretion.

8) Validity, Language & Law

- This declaration applies to all future visits until revoked in writing.
- Governing law: Kingdom of Thailand; competent courts at the operator's registered seat.
- Severability: if any clause is invalid, the remainder continues in force.
- I confirm that I understand the content; where needed, I have obtained a translation/explanation.
